Comments:

Request for correction is Denied. The undersigned was able to determine the correct application numbers within 5-minutes using PALM. In each of the first five occurrences starting with 09/253,169, the examiner transposed the "5" and the "2", thus 09/253,169 should be 09/523,169. The insertion of 09/534,032 is correct and should not be simply deleted.

The patent holder should request a new Certificate of correction changing each "25" with "52" for the first five occurrences.
